That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untold number of native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untold number of native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar ailments, weakness, and dyspepsia, is Dr. Pierce's Favorite Prescription. It is simply attested by thousands of testimonials contributed by afflicted women who have been cured of their various ailments, including irregular menstruation, leucorrhea, and other ailments.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were originated by Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose.

WILLIAM J. BRYAN.
That William Jennings Bryan will, some time in November, issue a letter declaring that if it is the wish of the democratic national convention that he should make the race for President he will accept the post of standard bearer, was the information which reached St. Louis Saturday night said to be from an authoritative source.

Mr. Bryan will be tendered a reception in New York tonight, when, it is said, he will insist upon absolute prohibition of Asiatic immigration. He is also expected to criticize severely the present United States occupation of Cuba. He will demand that the administration declare immediately for the independence of the Philippines, subject only to the retention of coaling stations and the "sacred land" wherein our halloved dead killed by foreign bullets in actual warfare now repose. These ceremonies to be kept by the new nation as a lasting memorial to Americans.

Mr. Bryan will speak in advocacy of the anti-pass and anti-rebate laws, and will suggest that the time has come for a statute making it illegal for any corporation to contribute to campaign funds. It is asserted he wants a federal law applicable to States, requiring the national committee of each party to print, prior to election day, a complete list of all monies received by it within the State boundaries.

He will advocate the popular election of United States Senators, federal remedies of violation of interstate commerce regulations, in addition to State remedies, and a more comprehensive anti-trust law.

Mr. Bryan will, on this trip, but possibly not in New York, make a positive declaration for a constitutional amendment authorizing Congress to levy an income tax and a distinct national inheritance tax. Before he returns to Nebraska Bryan is to set forth his views on railway supervision.

How to Cure a Cold.
The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me."

FANATICAL NEGROES.
Fanatical excitement of negroes calling themselves the "Council of God" appears to have been the cause of the riot in New Orleans Saturday night in which one policeman was killed, several others wounded and a number of negroes badly injured. The isolated house in which half a dozen negroes barricaded themselves, and which was fired upon by policemen and citizens, proved to have been a meeting place of the sect. Saturday night's trouble started during a meeting, when excited negroes drew razors on Policeman Cambias because he attempted to enter the house to investigate reports of a disturbance caused by boys throwing stones through the windows. Razors were drawn across his face and neck, mortally wounding him. Many at the meeting then fled.

To contradict certain talk and to put the consuming public in possession of the truth, we say in plain words that no one in this town can sell as good coffee as Arbuckles' Ariosa for as little money.

Misbranded and make-believe Mocha and Java, or coffee sold loose out of a bag or a bin, is not as good value for the money, nor can it be sold at as narrow profit, nor reach the consumer under as favorable conditions.

When you buy Arbuckles' Ariosa Coffee you get more than 16 net ozs. of straight, wholesome Brazilian coffee from the largest coffee firm in the world, with that firm's direct assurance that they are giving you the best coffee in the world for the money.

IF ALL THE DRUG STORES OF THIS STATE
were open to your convenient choice you'd waste your time and strength if you passed this one with a physician's prescription in your hand. Purity of ingredients, skill in preparation and absolute accuracy are big marks in favor of our prescription department.
